She lives with her parents and two brothers in a house made of cardboard, wood and mats. Due to COVID-19, Yesda was unable to study in 2020 because she did not have internet or a computer. His father works sewing cloth and when there is no work to sew he looks for work as a construction helper. Her mother says that she has lived there for more than 20 years in these conditions and she washes clothes to help with household expenses.
